JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

*Report from Havana—A case of yellow fever.*

HAVANA, CUBA, May 1, 1901.

SIR: I have the honor to submit the following report of transactions at this station for the week ended April 27, 1901: The weather continues cool and pleasant, and the sanitary condition of the city is excellent. There was a case of yellow fever reported on the 27th, but it has since been discharged cured, and at present there are no cases officially reported. I inclose the usual statistics for the week.

By direction of the chief quarantine officer.

Respectfully,

ALEXANDER B. McDOWELL,  
Acting Assistant Surgeon, U. S. M. H. S.,  
Executive Officer.

The SURGEON-GENERAL,  
U. S. Marine-Hospital Service.

[Inclosure.]
